

PLANTING FOR A GREENER FUTURE

A further £250 has been donated to enable 9 trees to be planted in the Riverside and Laleham ward. The funding has come from Cllr Tony Harman's annual Neighbourhood Grant.

The trees were supplied by the Spelthorne Tree Warden Volunteers, who are celebrating 20 years of conserving and enhancing trees and woodland in and around the Borough.

If you would like to sponsor the planting of a tree, please contact David Woods on 01932 786806, or email dj.woods@talktalk.net.

MEETING NEW FACES AT PENTON HOOK

Tony Harman (in the middle) who is standing for re-election with 2 local Conservatives who are standing for election to the Riverside and Laleham ward of Spelthorne Borough Council.

Michele Gibson is responsible for sales and marketing at the multi award-winning Thames Side Brewery, which she runs with her partner Andy. Michele actively promotes the River Thames and supports the cultural aspects of the ward.

Howard Willams has been Spelthorne's Cabinet Member for Finance since 2016 and has used his 30+ years of experience in commercial finance to produce significant new income for the borough, so protecting services for residents despite severe cuts in funding from central government. A key skill is his ability to identify and mitigate investment risk.

PROTECTING GREEN SPACE

Thanks to the Windfall Grant of £20,000, made available by Spelthorne Borough Council specifically for Community projects, the boiler at St. Peters Church Hall is now installed and operating at full capacity to enable Community organisations to continue throughout the winter months their vital work of bringing local residents together. The grant was made possible due to the shrewd investment strategy of the Conservative Council.

Protecting services, safeguarding the future and providing much-needed homes

Spelthorne's commercial property investment strategy now generates more than enough income to replace all of the money cut from our budget. While councils across the country are cutting services, Spelthorne has been able to improve facilities for our residents across all age ranges and, having safeguarded the borough's finances for the foreseeable future, this Conservative council has now started providing hundreds of much-needed affordable homes for our residents.
